Brought to you by:

A new year is upon us, with the sun setting on the darkness and despair that once was and hope rising again like the morning sun. Or something like that. What is in store for the world in 2025?

We at The Babylon Bee know exactly what's coming because we are prophets. Here's what you can expect.

January 19 - Kamala Harris becomes first female president after Biden passes away peacefully in his sleep underneath her pillow.

January 20 - Donald J. Trump is sworn in as president, instantly making America great again and killing billions of people around the globe.

January 21 - Nancy Pelosi files new articles of impeachment against Trump.

February 3 - *The New York Times* runs a shocking article exposing how Haitian migrants in Springfield, OH have been eating people's pets.

February 12 - Catholics get really mad at The Babylon Bee.

February 20 - Vice President J.D. Vance opens the first of many government birthing camps for women.

March 7 - Something really important happens in Europe. Nobody in America cares.

March 17 - The last three remaining Irishmen in Ireland celebrate St. Patrick's Day.

March 23 - Catholics get really mad at The Babylon Bee.

March 31 - RFK Jr. orders all future vaccines to be tested on Dr. Anthony Fauci.

April 1 - In a hilarious April Fool's Day prank, Trump invades Greenland.

April 18 - A bloodied Trump emerges from the Cave of Time, informing the world he has defeated the Clockotron, leader of the Grand Clock Army, ending Daylight Saving Time once and for all.

April 21 - Hunter Biden announces he has quit using cocaine.

April 28 - Hunter Biden announces he has quit using cocaine.

May 1 - The Chicago White Sox are eliminated from playoff contention.

May 4 - Trump declares Star Wars Day a national holiday and signs executive order erasing the sequel trilogy from canon.

May 15 - SpaceX successfully lands rocket on Mars and releases robot that engraves the word "BOOBS" on the planet's surface.

May 31 - Disney executives weep after finding they have no more intellectual properties to destroy.

June 12 - Ellen DeGeneres gets caught trying to cross the Rio Grande to sneak back into the U.S.

June 20 - Congressional Democrats propose a bill to erect a statue of beloved national hero Luigi Mangione in the Capitol Rotunda.

June 24 - Catholics get really mad at The Babylon Bee.

June 29 - California is swallowed up by overgrown lawns after mass deportation of Mexican landscapers.

July 9 - Concerns rise over climate change once again as it starts getting pretty hot outside.

July 11 - Millions of moviegoers flock to theaters to see a new Superman movie starring someone who isn't nearly as cool as Henry Cavill.

July 19 - The Babylon Bee gets banned from BlueSky, forcing Elon Musk to purchase the platform for \$37.

July 26 - After weeks of intensely polite protest, Canada officially joins the U.S. as the 51st state.

August 5 - Buc-ee's opens its first location on the moon.

August 10 - Mitch McConnell starts giving a speech on the Senate floor.

August 16 - Mitch McConnell resumes speech on the Senate floor after a six-day pause.

August 25 - California finishes counting ballots from the 2024 election.

September 2 - Arizona finishes counting ballots from the 2020 election.

September 8 - Ribbon cutting ceremony to open the Joe Biden Presidential Library & Nursing Home.

September 16 - Buc-ee's opens second moon location due to heavy traffic at the first moon location.

September 25 - All animal life on Earth is extinguished after too many people join the carnivore diet.

November 5 - Americans gather to celebrate the anniversary of Kamala Harris's defeat.

November 13 - Catholics get really mad at The Babylon Bee.

November 22 - Trump releases secret JFK files revealing that President Kennedy was killed by seed oils.

November 27 - Trump orders mass incarceration of people who serve "tofurkey" for Thanksgiving dinner.

December 6 - All the celebrities who announced they were leaving X in 2025 announce they will leave X in 2026.

December 22 - The U.S. Postal Service begins delivering packages from Christmas 2024.

December 25 - Conservatives continue the annual holiday tradition of ripping each other to shreds on social media.

December 31 - Scientists conclude yet another year of intense research without finding anyone who enjoyed Amazon's *Rings of Power*. Also, Catholics get really mad at The Babylon Bee.
