

Just in case memory is getting cloudy.

Hey, remember that time Donald Trump's son Killed 21 dogs in a kennel because of his negligence?

**... and then used his political influence to get the case dismissed?
... Oh, sorry, that was Senator Jeff Flake!**

Remember when Mike Pence's kid was a member of Antifa?

... Oops that was Tim Kaine's kid.

Remember when Senator Tom Cotton used his political power to free a Muslim criminal and then that guy murdered a child?

... Oh, my bad memory, that was Senator Chuck Schumer.

Remember when Trump's daughter Ivanka Trump used money intended for the Haitian relief effort to pay for her extravagant wedding?

... Sorry, my mistake, that was Chelsea Clinton.

Democrats and the liberal media would destroy anyone running in a Conservative campaign with this kind of scandal as baggage.

These incidents were barely even covered by the media.

Still think there's no liberal elite media bias!!

But, but, but, President Trump pardoned Joe Arpaio!

... But, Obama pardoned 1,096 rapists, murderers, drug smugglers, drug dealers, thieves, gang bangers, extortionists and other convicted criminals.
