

These are all collieries of “ Murphy’s Law” .

Law of Mechanical Repair

After your hands become coated with grease, your nose will begin to itch and you'll have to pee.

Law of Gravity

Any tool, nut, bolt, screw, when dropped, will roll to the least accessible place in the universe.

Law of Probability

The probability of being watched is directly proportional to the stupidity of your act.

Law of Random Numbers

If you dial a wrong number, you never get a busy signal; someone always answers.

Variation Law

If you change lines (or traffic lanes), the one you *were* in will always move faster than the one you are in now.

Law of the Bath

When your body is fully immersed in water, the telephone will ring.

Law of Close Encounters

The probability of meeting someone you know increases dramatically when you are with someone you don't want to be seen with.

Law of the Result

When you try to prove to someone that a machine won't work, it will!!!

Law of Biomechanics

The severity of the itch is inversely proportional to the reach.

Law of the Theaters & Sports Arenas

At any event, the people whose seats are furthest from the aisle, always arrive last. They also are the ones who will leave their seats several times to go for food, beer, or the toilet; and the ones who leave before the end of the performance, or the game is over. The folks in the aisle seats come early, never move once, have long gangly legs or big bellies; and they stay to the end of the performance. The aisle people also are very surly folk.

The same for the last folks to arrive at church, they always sit in the first pew.

The Coffee Law

As soon as you sit down to a cup of hot coffee, your boss will ask you to do something which will last until the coffee is cold.

Murphy's Law of Lockers

If there are only 2 people in a locker room, they will have adjacent lockers.

   **Law of Physical Surfaces**

The chances of an open-faced jelly sandwich landing face down on a floor are directly correlated to the newness and cost of the carpet or rug.

   **Law of Logical Argument**

Anything is possible IF you don't know what you are talking about.

   **Law of Physical Appearance**

If the clothes fit, they're ugly.

   **Law of Public Speaking**

A closed mouth gathers no feet!

   **Law of Commercial Marketing Strategy**

As soon as you find a product that you really like, the manufacturer will stop making it! OR the store you shop at will stop selling it!

   **Doctors' Law**

If you don't feel well and make an appointment with your doctor, by the time you get there you'll feel better. But if you *don't make* an appointment, you'll stay sick.

Think positively! 😊
