

TROLLING THE INTERNET, SCOURING THE NEWS, AND FIGHTING POLITICAL CORRECTNESS, ONE STORY AT A TIME:

1. I'M NO ADMIRER of RINO Mitch Mc Connell, but he does deserve high praise for keeping radical left winger Merrick Garland off the U.S. Supreme Court. Just look at the damage he is doing to America as Attorney General. There are few federal prosecutions of BLM and AntiFa rioters, looters, and arsonists, but by God, Garland thinks school parents are so dangerous they have to be sought out, threatened, and silenced by his goon squad FBI enforcers!

2. PRESIDENT ** was in Michigan gloating over the hundreds of Americans who were fired for refusing his illegal mandate to get the experimental COVID shot which, by the way, is not a vaccine. "The friend of the working man; the party of the little guy" strikes again!

**won by cheating

3. FOXX ROT: I watched a video of a gang shoot-out in Chicago. Two groups of gang-bangers opened fire on each other. At least one person was killed, and another wounded. District Attorney Kim Foxx, a Soros-supported lefty, refused to prosecute anyone for the killing, because she said the death occurred due to "mutual combat." So now we know why crime is out of control in Chicago. No wonder they are heading for 800 homicides this year. [see no. 5]

4. THE FBI just admitted that it does not track a real domestic terrorist group like Antifa, even though this radical group, along with BLM, caused two billion dollars in damage and several deaths last year. But, the Democratic Party's thugs recently announced they are going after soccer moms who are concerned about the leftist brain-washing of their kids in school.

5. Nationwide, 214 children under 17 have died of COVID-19 so far this year. In Chicago this year, 261 kids have been gunshot victims. Dim-witted mayor, Lori Lightfoot, blames Donald Trump for the violence.

6. DEMOCRATS' definition of "White Supremacist": A Republican with a job, or an American who wants to follow the U.S. Constitution.

7. GATEWAY PUNDIT: Attorney General Merrick Garland's son-in-law runs a company called Panorama that sells the racist, white hating Critical Race Theory garbage. CRT is poisoning our kids' minds with their divisive, radical, left wing propaganda. Garland recently threatened school parents all across America with FBI investigations if they dared to challenge school boards using CRT in the classrooms. Do you see the connection here, folks? The Attorney General is abusing his official position by threatening parents in order to advance the economic interests of a family member. He must be removed from office. The Attorney General's use of his FBI goons to enhance his son-in-law's income is an in-your-face conflict of interest. Republican cowards are silent, as usual.

8. HUNTER BIDEN, the fledgling Van Gogh, just sold five of his paintings for \$75,000 each, for a total of \$375,000.00. Beginner's luck, I guess. I mean, it's not like the buyers are trying to gain access to his father, are they?

9. MR. & MRS. AMERICA, have you noticed that your Trump hating neighbors, relatives, and co-workers who used to say: "Trump's an idiot", have now gone silent? And you can't find a single BIDEN/HARRIS bumper sticker.

10. THE UNIVERSITY OF TEXAS announced that its journalism school is creating awards named after Dan Rather. In 2005, Rather was booted from CBS for trying to smear President Bush with a fraudulent story about his military service. Dan Rather was a Democratic Party shill who masqueraded as a journalist. This is like a school of banking naming an award for Willie Sutton. Said one critic of the Rather awards: "Irony is dead, buried, and cremated."

11. BIDEN ECONOMICS: Former Border Patrol chief, Rodney Scott, reported that U.S. taxpayers are paying \$5 million a day to contractors for *not* building the border wall. The equipment and supplies are there, rusting away, while the wall is not being built. This is occurring as tens of thousands of illegal aliens/future Democrat voters stream over our southern border, and 60 thousand more Haitians are marching north to invade Texas. The California Cackler is nowhere to be found, and President Biden is cheerleader for the illegals.

Where are the voiceless, gutless, cowardly Republicans? They should be screaming for impeachment of President **, but they are silent. Joe Biden has willfully failed, even refused, to defend our country's borders from invasion. Our fellow Americans living on the border in Texas, New Mexico, Arizona, and

California have been abandoned by the treasonous, scheming Democrats, and left to defend themselves.

12. THE LOONEY LEFT in America has become so demented that they believe certain words are evidence that the speaker is a White Supremacist: "Hard work, study, education, responsibility, get a job, be on time, patriotism, marriage, founding fathers, border security, the Constitution, illegal alien, voter I.D., integrity, and honesty" can trigger an attack by a progressive loon.

13. A QUESTION for black and Hispanic Democrats: Why do you still belong to a political party that not only believes, but preaches, that you are too stupid to obtain a photo I.D.? Every time Republicans try to block Democrat voter fraud, the schemers always bring up the race card and say that voter I.D. keeps blacks and Hispanics from voting. Aren't you insulted? Do you like being called an idiot? Oh, I forgot. Trump sends mean Tweets, so cheating to harm the Orange Man is acceptable.

14. THE NEW YORK TIMES was caught inflating the number of children hospitalized with COVID. The Times claimed that 900,000 kids were hospitalized with the Wu Flu. The real number is 63,000. So much for "the paper of record." These days it's just a propaganda sheet for the Democratic Party.

15. Those who confuse "burro" with "burrow", don't know their ass from a hole in the ground.

16. SOCIALISM DEFINED: If they held a barnyard election, the pigs would always vote for the one who fed them, even though he is the same person who is going to slaughter them some day.

17. CALIFORNIA just passed a law banning boys and girls toys. Stores must now display gender neutral toys. Do you need further proof that liberalism is a mental disorder?

18. CATHOLIC IN NAME ONLY: Ascension Providence Hospital in Novi, MI is a non-profit Catholic hospital. Ascension requires all employees to get the COVID "vaccine." The hospital provides a process for requesting an exemption on religious grounds. Approximately 650 employees applied for the religious exemption and *all* were denied. Pfizer recently admitted that its COVID "vaccine" contains cells of aborted fetuses. Money is the balm that soothes many a conscience.

19. GATEWAY PUNDIT: From April through September, Antarctica experienced record cold weather at *minus 77.6 degrees F*. So much for the leftist panic about the earth burning up in nine years.

20. Is there anyone in Congress more slimy, classless, dishonest, and devoid of integrity than bottom-feeding Sen. Chuck Schumer?
Add in Bernie Sanders, Adam Schiff, Jerry Nadler and Stenie Hoyer.

21. QUESTION FOR DEMOCRATS: How is it that we have billion\$ to spend on feeding illegal aliens and housing them in hotels, while our veterans sleep on the street or in homeless shelters?

22. JUST A MIRAGE: We are told President Biden imposed a vaccine mandate on federal employees. This is not a law enacted by Congress. It is only a decree from the demented man in the White House. Our elected representatives make the laws, not Biden. Presidents are not emperors, dictators, or kings who can issue edicts. Why did private employers blindly adopt Biden's unlawful [my opinion] order that all federal employees be vaccinated or be fired, when Congress has not voted on it? Biden's so called "vaccine mandate" that has citizens in a snit is all a mirage. No law exists to back up his decree, so why are Americans' lives being destroyed over a non-existing law?

Some airlines recently adopted Biden's bogus vaccine mandate, and announced they will fire any employee who does not get the COVID "vaccine." Pilots at Southwest Airlines fired a shot across their employer's bow. They recently called in sick to warn management not to engage in this freedom destroying policy. SWA had to cancel numerous flights, causing chaos in Florida. Keep up the punishment on these corporate eunuchs, courageous, patriotic pilots! When enough people get angry, they will take it out on the Democrats and this intrusion will cease. Stick it to them hard!

23. Some airline CEO's don't seem to be getting the message that mandatory vaccinations are not wanted by their employees. American Airlines announced that their COVID vaccination deadline is November 24th, the day before Thanksgiving. Imagine what a pilot sick-out would do at this time! FUHGGEDDABBOUDDITT!!!

24. MARK TWAIN SAID "You can prove anything with statistics but the truth." This is never more true than when President ** spews misleading

statistics. Biden recently announced that the lemming management of American Airlines previously adopted his vaccine mandate, and they had 59% compliance. The President crowed that two months later they had 99% vaccination compliance. But, don't be fooled folks!

If you have a company with 1,000 employees, and 590 are fully vaccinated, that's 59% compliance. Two months later, after you've fired 400 un-vaccinated employees, you will have 98% compliance [590 vaxxed out of 600 people]. There are lies, damn lies, and statistics!

25. WALGREENS announced it is closing five more stores in San Fran-sicko because of organized shoplifting. That city has a criminal-loving, Soros-funded District Attorney, Chesa Boudin, son of domestic terrorists Kathy Boudin and David Gilbert. He will not treat shoplifting cases seriously. It looks like the apple didn't fall far from the tree, *beejeezus!* Walgreens said that one store that closed was losing \$1,000 per day due to shoplifters. Hey California libs, have you had enough of your own idiotic policies yet? Maybe when you have to travel out of town for a tube of tooth paste, or a prescription drug, you'll wake up.

26. HAVE YOU TAKEN NOTICE of the hundreds of ships anchored off of California that sit there because they can't be unloaded? With no workers to unload the cargoes, or truck drivers to transport the goods to their destinations, the ships remain idle. Democrats are paying workers more money to sit at home than go to work. This was made worse by California's idiotic environmental laws which banned most of the trucks that would normally take the goods from the dock to retailers. We will have empty shelves this Christmas, and it's not Trump's fault

The Poster Boy for this Democrat incompetence is the totally incompetent Transportation Secretary, 'Little Pete' Buttigieg. Little Pete went on two months paternity leave during this national crisis, letting this DOT cluster-foxtrot become a disaster.

27. SENATOR TOM COTTON: "Pete Buttigieg couldn't organize a one car funeral --- he's not going to organize our ports, railways, highways, and airports."

SENATOR JOHN KENNEDY: "President Biden's poll numbers are going down like a fat guy on a seesaw."

28. GATEWAY PUNDIT: Joe Biden is begging OPEC to pump more oil. How pathetic! On his first day in office, Biden cancelled the Keystone Pipeline, putting 52,100 Americans out of work. Yet, Pres. ** approved Russia's oil pipeline to Germany. Now, due to a shortage of oil, prices have soared 42%. The usurper in the White House is intentionally harming American citizens, while aiding Putin's Russia and the Arab countries. So, Democrats, who's Putin's puppet now? It ain't Trump, Johnson!

29. THE BIDEN ADMINISTRATION keeps getting more and more bizarre. President ** nominated Soviet educated Marxist/Leninist Saule Omarova for Comptroller of the Currency. I wish I was making it up, but it is true. She refuses to turn over her pro-Communism thesis to the Senators.
