

Sociology 101 ...Explained!

A young black kid asks his mother, "Mama, what is Socialism and what is Racism?"

"Well, Child. . . Socialism is when the white folks work hard every day so we can get all our governmental entitlement stuff for free.

You know . . . like our free cell phones for each family member, rent subsidy, food stamps, EBT, WIC, free school breakfast, lunch, and in some places supper; free healthcare, utility subsidy, and on and on . . . you know, that's Socialism."

"But, Mama, don't the white people get pissed off about that?"

"Sure they do, Honey. That's called Racism."

(Never was it more simply explained.)
