

Maxine Waters Makes Her Craziest Comment Yet – Here’s What She Said About Trump Voters

Democrats must be shaking in their shoes for fear that former President Donald Trump will retake the White House in November. The hysteria and far-fetched accusations against Trump continue to increase.

With now proven deceit and outright lies from Democrats toward Trump over the years, the party’s leaders are making up false claims as they go. The leftists appear ready to equate Trump and his supporters to any idea that makes them sound dangerous to democracy.

Some of the most outrageous false claims against them have come from political leaders hailing from California. They don’t seem concerned about facts as they just scream at the top of their lungs another lie about Trump and his supporters.

From The Daily Wire:

Rep. Maxine Waters (D-CA) claimed on Sunday that former President Donald Trump’s supporters were “training up in the hills somewhere” — and even planning which communities they were “going to attack” — so that they would be ready to engage in violence if he lost his 2024 re-election bid.

“This is a man who we better be careful about,” Waters warned. “And I tell you what I’m going to do. I’m going to ask the Justice Department, and I’m going to ask the president to tell us what they’re going to do to protect this country against violence if he loses.”

Waters appeared on MSNBC to discuss Trump’s recent interview for *TIME Magazine* where she unleashed her fictitious claims.

Per her usual leftist diatribe, she offered no evidence to support her outlandish claims. These words come from the mouth of the woman who called upon the public to fight back against Trump and Republicans, even to the point of assaulting them in public places.

She invoked the wrath of God in a past public outcry where she urged protesters to accost members of Trump’s previous administration. She called on protesters to go to Republicans’ houses and repeatedly scream, “No peace, no sleep!” and to boo them out of public places.

“Let’s make sure we show up wherever we have to show up and if you see anybody from that Cabinet in a restaurant, in a department store, at a gasoline station, you get out and you create a crowd and you push back on them, and you tell them they’re not welcome anymore, anywhere,” she said previously.

This is an unhinged person who screams for leftists to attack Republicans while turning around and trying to sound a false alarm about the fictitious idea that Trump’s supporters are preparing for a paramilitary operation. If Americans need to watch out for a dangerous politician, it is Waters.
