

At the Senate nominating hearing, this woman protester, screamed, hollered, and yelled about stopping Kavanaugh from being approved

After she was removed from the hearing room, she approached the "paymaster."

**Here, she collects her protest 'pay'....
(Would Obama say "If I had a son he'd look like the paymaster?")**

Who pays the paymaster? Schumer? Soros? Obama ? The Democrat suspect list is l-o-n-g.

Don't count on CNN or MSNBC to investigate this and other things like this. Fox and One America News might cover it, but that's about it. Everyone else will be kept in the dark like mushrooms planted in compost.
