

Friend,

In December 2022, there were [251,487](#) migrant encounters at our southern border – the worst month on [Custom and Border Patrol's record](#) for monthly crossings and the 10th consecutive month of over 200,000 illegal crossings at the southern border. Since Joe Biden took office, [over 4.7 million](#) illegal immigrants have been apprehended at our southern border.

Clearly, we are in the midst of a historic border crisis, and my Republican colleagues and I are ready to work together to provide real solutions to the massive influx of migrants at our border. This includes eliminating welfare incentives for illegal immigrants, requiring proof of legal status to get a job in the U.S., ending catch-and-release loopholes, and fully funding our border enforcement strategies, infrastructure and advanced technologies to prevent illegal crossings and trafficking by cartels.

Our immigration system is broken, and we need strong, serious changes to our current laws. I remain focused on working with my colleagues to develop a comprehensive immigration plan that secures our border, provides border patrol agents with the resources they need, and keeps Americans safe.

Sincerely,
Rob
