WILLIAMSBURG-
JAMES CITY COU
REPUBLICAN COMMITTEE

WILLIAMSBURG-
JAMES CITY COUNTY
REPUBLICAN COMMITTEE

Letter from the Chairman

Fellow Conservatives,

It has now been one week since the Midterm congressional and Senate elections.

Across the country the Republican party took losses in a wide range of offices. It has been said a blue tsunami crossed the nation. Here in Virginia, we lost Rob Wittman and Jen Keggans. But we held on to

Congressman McGuire, Cline, and Griffith. Those wins along with the closer margins of victory for the Democrats in VA-01 and VA-02 showed that that tsunami did not take Virginia. Bert Mizusawa, although he lost his bid for Senate, forced the Democrats to spend 22 million dollars to fight him that they could have used elsewhere in the State.

There were many factors that were not in our favor both domestically and international but we fought hard. We had great candidates with great records, but we fell short.

We found that the efforts that we took here in Williamsburg and James City County with door knocking, phone banks, and texting were very effective. We increased our low propensity voters' turnout by 10% and showed a 90% or so turnout for our high propensity voters. Again, James City County and by extension 1st District, lead the way in voter turnout. This was outstanding and ALL due to your efforts.

On the flip side of that we see that our voters have maintained at a rather constant level while the Democrats have been able to convert more of the share of independent voters to their side. We in the Committee were quick to use our data and results of this election to begin to formulate our plan to address this for the coming local elections in 2027 and the Presidential elections in 2028.

The emphasis will be on the Republican brand/message, record v. results, and voter/civic outreach. More specifics will be gone over at the Committee meeting on the 18th of November at 6:30 p.m. at the James City County Library on Croker road so I invite everyone to attend.

We are continuing the transition into a more aggressive and professional committee. We will not be discouraged by the results of one election. I have seen it in the Clubs, the Committee members and within the other Committees of the 1st District that although disappointed, our moral and enthusiasm have not waived.

The sweat equity and volunteer efforts by all of you have been beyond reproach. I cannot be prouder of how we have come together and fought through two major elections and grown stronger after each of them.

We will not give up the fight for the values that this country was founded on, we will not give up the fight for the unborn who have no voice, we will not give up the fight for the rule of law, and we will not give up the fight to leave our nation better for our children and grandchildren.

Again, thank you all for your outstanding efforts over these past 9 months. I am proud of every one of you.

Now, let's get to work, we have a country to save!

Vincent V. Passero III
