

Friend,

I have dedicated my career to serving the people of Hampton Roads and the Commonwealth of Virginia. As a lifelong Virginian, I was born in Hampton and have built a record of leadership rooted in public service, community involvement, and a commitment to keeping Virginia's families and communities safe.

Before joining the Virginia Senate, I spent decades in law enforcement and public safety. I served in leadership roles with the Virginia Sheriffs' Association, including as president, and chaired both the Virginia Peninsula Regional Jail and the Hampton Roads Criminal Justice Training Academy. I was also appointed by Virginia governors to serve on statewide public-safety and environmental boards.

Since joining the Virginia Senate in 2024, I have brought that same hands-on approach to Richmond. Representing the 24th Senate District, I continue to advocate for the communities I have called home and for the principles of responsible government, public safety, and strong communities. Last session, I passed more legislation than any other Republican in the legislature and was the most effective legislator on the Peninsula.

I have stood firm against the craziness in Richmond. From voting against the largest increase in real estate taxes in Virginia history, to supporting legislation to remove convicted sex offenders from Virginia's state parks, to voting against legislation to increase every Virginian's electric bill by 7%, I go to Richmond to fight for you.

I cannot do this without you. [Please consider donating \\$50, \\$75, \\$100](#), or more so we can hold this seat and hold Richmond accountable. If you want to support me consistently until the election, feel free to sign up for reoccurring payments!
